Lacombe and Bentley

Warned Against Insurance Co.

Calgary, July 26.—Declaring that a certain fire insurance company in Edmonton, which had made use of the name of the U. F. A. to get business, was insolvent, Archie Muir, president of the U. F. A. Political Association for the Battle River district, and a director of the provincial board of that body, at the afternoon session of the U. F. A. convention yesterday, warned farmers against investing in the company. Mr. Muir said that a man named J. W. Wood had been president and a man named Davies secretary of the company. In its advertising it drew attention to a statement that it was endorsed by a U. F. A. convention. The people were thus led to believe that the U. F. A. were behind this "so-called mutual insurance company," an act in consequence an agent had secured \$160,000 in policies. "Objection to the advertising of the company had been taken by the U. F. A. directors and Wood had in consequence resigned."

"The company," said Mr. Muir, "is hopelessly insolvent. It gives the U. F. A. a black eye that this sort of thing should occur. It has big liabilities and assets of \$1,500. A company of this kind can carry on business on payment of a registration fee of \$50 while a line company must make a deposit of \$50,000." Mr. Muir suggested that a change in the law regarding mutual companies might be necessary.

Auto Races

There were imprudent auto races at the fair on Saturday, and Colin Caldwell, with his Ford race cleaned up the field with ease.

Welcome Rain

Our crop is assured for this season, the rains of the past few days having given sufficient moisture to fill out the grain. Lacombe has never had a failure, and this year will prove to the world that we have a little the best farming district in the Province.

Jesse Stephens Dead

His many friends will be pained to hear of the death of Jesse Stephens, son of Fred Stephens of Lacombe, which occurred a week ago at the home of Jesse had been ailing for some time, and his death was not unexpected. He was a rising musician, and had been spared, would have made a name for himself in the world of music.

Rimby Defeats Ponoka

In a good game of ball on Wednesday last, Rimby defeated Ponoka. After the first inning the result of the game was not in doubt for a minute, as Jones was pitching a superb ball, striking out twelve men and allowing only two hits. His support in the field and at bat was a treat to the Ponoka fans, who never expected the visiting team to so easily overcome their local club. It will take a good all-round team to make it interesting for the Rimby aggregation, and in the writers' judgment it will take the best team in the Province to defeat them.

William J. Drader

(Peterborough, Ont., Examiner)
The funeral of the late Mr. William J. Drader, whose death occurred on Thursday evening last, at

Woolen shawl—1, Mrs. Reeves.
Baby carriage robe—1, Mrs. Langroek.
Baby jacket—1, Mrs. Reeves.
Child's shirt—1, Mrs. Ballantine.
Infant's hood—1, Mrs. Hutchinson.
Slippers—1, Mrs. Ballantine.
Ladies house dress—1, Mrs. Duncan.
Men's shirt—1, Mrs. Duncan.
Girls' wash dress—1, Mrs. Duncan.
Plain homestitching—1, Mrs. Langroek; 2, Mrs. Reeves; 3, Mrs. Hutchinson.
Button holes—1, Mrs. Reeves; 2, Mrs. Hutchinson.
Darning on wool—1, Mrs. Hutchinson.
Knitted wool stockings—1, Mrs. Hutchinson.
Knitted wool socks—1, Mrs. J. Biglands.
Woolen gloves—1, Mrs. Hutchinson; 2, Mrs. Cameron.
Hand made hooked rug—Mrs. F. H. Taylor.
Baby Booties—1, Sheila Cameron.

Girls' work, under 17 years

Special prizes offered by Women's Association.
Suit Pyjamas—1, J. Bigland.
Knitted socks—1, Kathleen Reed; 2, Margaret Reed.

Children's Work

Crochet on cotton—1 and 2, Beatrice Stewart.

Flowers

Pansies—1, Mrs. G. H. Brown.
Cut Flowers—1, Mrs. Brown.
Collection of wild flowers—1, N. Bagley.
Hanging Plant—1, V. Redig.
Fern—V. Redig.
Pants in pots—1, R. Bagley.
Puschia—1 and 2, J. Henderson.
Geraniums—1, Mrs. Brown; 2, Mrs. Henderson.
Boquet (Assorted)—1 and 2, Mrs. Brown.
Collection of plants in pots—1, Val Redig.

We will be pleased to make any

corrections in above prize list if our attention is called to any error.

Help Appreciated

Bentley, Alta. July 28, 1919.

To the Western Globe.

The directors of the Lacombe Agricultural Society wish to assure the people of the Town and district that they appreciate very much the hearty support and co-operation accorded them during the fair just ended.

Especially do we wish to thank the business men of the town for their very liberal financial support and the gentlemen who so kindly assisted with the selling and taking of the tickets at the gate, grandstand and midway attractions.

We also wish to assure the judges that their services were appreciated, as well as all those who in any way contributed to the success of the fair.

Signed—Board of Directors.
S. H. Welch, Secretary.
C. F. Damon, Pres.

William J. Drader

(Peterborough, Ont., Examiner)
The funeral of the late Mr. William J. Drader, whose death occurred on Thursday evening last, at

543, Water street, took place on Saturday afternoon, July 19th, at Little Lake cemetery, the services being conducted by the Rev. A. J. Thomson.

The deceased who was born in the town of Lindsay, Victoria County, was the eldest son of the late Philip Drader, and had resided at Lacombe, Alta., for a number of years. Owing to failing health he came to this city in March of this year. He is survived by his wife and daughter, Miss Gertrude and one son, W. B. Drader, of Vernon B.C., who is also returned from overseas. He is also survived by two sisters and two brothers, Mrs. A. J. Hawker, of Wallaceburg, Mr. C. F. Drader of Preston; Mr. E. A. Drader of Wallaceburg, and Mrs. George Jobbitt, of this city.

The Better 'Ole at The Rex.

Theatre goes will have a treat on Friday and Saturday next at the Rex Theatre, when Old Bill, Bert and Alf, and Bainsfather's modern three musketeers, will appear in "The Better 'Ole". We have all laughed at Bainsfather's war pictures, and now is a chance to see these characters in a real war play, full of comedy and pathos. Do not miss it.

E. J. Howe has purchased Curry's Flock of horned Dorset sheep, and will keep this desirable breed of sheep in the district. Mr. Howe, who sold his farm north of town some time ago, has purchased another place near town.

Lacombe Defeats Rimby.

Lacombe Baseball fans had the time of their lives on Saturday, when our boys defeated Rimby's almost invincible team in a well contested game. The game was very close, the score at the close being three to four. Our battery was the best put up this season, and the field also showed signs of improvement. Just watch Lacombe from now on.

A few pieces of Ladies Work exhibited at the Fair, are at the secretary's office. Owners please call and get same at once.

S. H. Welch, Secretary Lacombe Agricultural Society.

Car Load McLaughlin Specials. Just arrived. W. E. Tees.

The regular meeting of the Lacombe Branch of the Western Institute will be held at the Rest Room, August 2nd at 3:00 o'clock. The members are all urged to attend this meeting, to arrange for the district conference to be held in Lacombe about August 15th.

Listen to me—I can sell you any new car, one half down and balance to suit purchaser. W. E. Tees.

Compromised maid wanted to go to Edmonton. Small family. Apply to Western Globe office.

B. Wessels and Mrs. Wessels, of Neche, N. D., are visiting the sister, Mrs. Giberson, at Mauna Ala for a few weeks. They are delighted with the appearance of this part of Alberta; it is the best they have seen.

Currie Gopher Killer—Not explosive, not a poison—absolutely safe. At W. L. Elliott's.

Your credit is good. Buy your car now. Any car one-half down and balance to suit. W. E. Tees.

The Gospel according to James Russell Lowell. "This centennial message is a reminder of the wonderful message God sent us through him. Subject at the United service at Grace Methodist Church, Sunday evening August 3rd at 7:30. We welcome you. Church school at 11 a.m."

Lakeside—The community service will be resumed at 2:30 on Sunday at Sunday School at 1:30. Minister. W. Hollingsworth.

The regular meeting of the Progressive Union will be held at the home of W. D. Reid on Tuesday evening Aug. 5th. Everybody welcome.

We want listings at Olive Aliv. Jesse Francis Agency.

Tenders Wanted

Tenders wanted for the conveyance of the children of the Central School District No. 519 from their homes to the Lacombe school, and back to their homes daily for the school year. Apply to F. Emerson, Secy. Box 344 Lacombe.

Souvenir China

We have just received a large consignment of Fancy Chinas in Red and White decorations. Each piece lettered "Souvenir of Lacombe."

We have it in the following: Ash Trays, Tumblers, Salt and Peppers, Pitchers, Hair Receivers, Jewel Cases, Watch Holders, trays, etc.

PARSONS BROS.

Jewelers Opticians Issuers of Marriage Licenses

A Dry Province

"If liquor had been sold in Winnipeg as in the days of old with the bar doing business in the reckless fashion of the pre-prohibition days, there would not have been merely two deaths in the riots there, but there would have been two hundred deaths."

This is the warning statement Senator Robertson made to the other senators when they joyously kicked one safeguard to prohibition to pieces.

Senator Robertson said that it present and for some time conditions were more serious than at any time during the war and never had there been greater need for the continuance of the prohibition of the liquor traffic.

Senator Robertson in his address in the Canadian senate gives voice to sentiments of people who have witnessed with some concern the conditions in recent weeks.

Mare stray

Bay Mare 3-year old, white strip on face, hind fetlock white, branded on right shoulder, lazy 3 or 8 with half diamond above. Same can be had by paying expenses and proving property. John Macfarlane, section 30-39-24, Clive, P.O. Jy 3-3c.

The president of the Alberta Federation of Labor voted against prohibition when it was submitted the last time. He has watched carefully the conduct of the men in the strike. He says that he will not vote against prohibition again.

That is the record of every one who is interested in social affairs in the province.

Several prominent citizens of Alberta a few weeks ago gave some support to a plan to repeal the prohibition enactment in this province. We cannot believe that they made a careful study of conditions or they would have taken no such action. They listened to statements that were not true and a description of conditions that were incorrect.

There has been a remarkable change in conditions because of prohibition. The people of Alberta will never vote this country wet.

Few Men Desire to Undertake

The proper administration of an Estate is no easy task. If put on the shoulders of an individual, it demands an amount of time and care that few business men can willingly spare from their own affairs; moreover should anything happen to the individual before the Estate is settled, confusion, litigation and delay, with accompanying loss, frequently result. The Trust Company specializing in the administration of property is the logical answer to the question of whom to name as your Executor.

Consult us now about this important matter.

It's Up to You!

Why should you go through life with half sight, or poor vision? The other day I fitted a man with glasses who had gone through life so near sighted that he could not recognize a friend across the street. This man had never known the joy of clear vision, and it was a pleasure to see his delight when he viewed distant objects for the first time.

Then there is a person who has a headache after reading for a short time. It is more painful that the near sighted condition, but yields equally when proper glasses are worn. If you are having trouble with your eyes, have them tested.

Sweet Cream Wanted

Some reasons why we lead! Because we can give you better service.

We make the best product on account of its immediate manufacture.

Therefore we get the highest market price obtainable.

We want more sweet cream and will pay more for it.

A trial will convince you.

Always at your service.

LACOMBE CREAMERY

Lacombe Creamery

There is just one reason why Canadian butter cannot dominate the World's Markets. That reason is "Quality" the control of which is in the hands of the producer and the Buttermaker. If the cream producers will patronize their local Creameries, where immediate manufacture takes place, quality, lower cost of production and consequently. Higher Prices to the Cream Producers is the result.

Always at Your Service., Highest Prices.

Efficient service, and prompt payments the end of every week or cash.

W. Hanson, Mgr.

Soldier's Memorial

Lacombe, Alberta, July 24/15

Dear Mr. Editor:
Some time ago I requested you to publish a letter giving my views of the Memorial Hall question. In your last issue I have read a letter that appears to be directed at me, so although the letter that appears seems hardly worth answering yet there are a few things I would like to say.

In the first place I am very much surprised. He says that the fact that people are writing letters to the paper to justify themselves is proof that they need justifying. Being as he feels that way, I'd hardly expect him to admit it. However, an open confession is always good for the soul, so he should feel much better now.

However, he gave me a much bigger surprise than that in his letter. They say that the Memorial hall is to be erected to commemorate the Boys who have made the supreme sacrifice on the fields of France and Flanders but, that, instead of erecting something that no one would get any use out of they erect it for the benefit of the boys who have returned. Now he tells us that it is to be a play grounds for the children and he appeals to the mothers asking them if they can afford to let it slip for the young people growing up will need it. As I said in my letter: They are not thinking of erecting anything for the boys who are gone nor yet it is even for the ones that have returned, but the writer clearly acknowledges he wants it for his own benefit and for the benefit of the general public. He signs himself as one who expects to live here, not get rich and get out, I venture to say he also thought he would live here while the rest of us were living in France. I do not think that any man who has been overseas would make assertions like he has done.

Now Mr. Editor, I did not like to be sarcastic, but it was thrown at me, so I had to come back. However, I will try to make it right by acknowledging that he is perfectly right in many ways. He says, perhaps I think it is a pity that the ones who have come back were not killed too. Being a returned man myself, I do not think it a pity that I was not killed although a great many may. If so it does seem too bad that I disappointed them. He says that after some of us are dead and gone Lacombe will be just as able to keep up one Public Building as it is now. Quite true, I do not doubt that in the least. But why call it a Memorial Hall? It is absolutely no Memorial. It was proposed to turn the Hall over to the G. W. Y. A. to look after and use. Why? If it is for the Benefit of the General Public why should not the public arrange for looking after it? As I said before, the G.W.Y.A. will not last forever and when some other arrangement has to be made so why not get the right start? You most decidedly are quite right. Nothing could be more appropriate than a Hall in which there would be a good Clubroom where the Veterans and Other Young People could visit, read, and have social etc., but I would suggest placing the Roll of Honor in some other conspicuous place and call it something else than a Memorial Hall. It would be nice indeed to have a Memorial of some kind for the boys who are gone, but I think myself, that it is more important to look after the welfare of all the young people who are left. What is there in Lacombe for the young people, and where will you find any sociability? Everyone is grabbing for the almighty dollar and the only source of entertainment is the Picture Theatres. Why do so many returned men wish they were back in Blighty? Is it because they think more of the people there than they do of the people here? Not on your Tin Type. It is simply because there is always some place they can go and meet people with whom they can associate. They do not have to always live entirely to themselves.

There are many more things I could say, some of which would suit the writer of the article referred to and some that would not, but some things are better left unsaid. As Will Carleton says "Boys Flying Kites Haul Back Their White Winged Birds". But we can't do that was when flying words. Careful with fire is good advice we know. Careful with words is ten times so. Thoughts unexpressed will often fall back dead. But—God Him self can't kill them once they're said.

In conclusion I would suggest

LACOMBE, ALBERTA.

that the people of Lacombe forget about the Memorial Hall, build a good hall that will be of some benefit to the young people growing up and the public in general where people can have social gatherings, etc., so there will be some other place for people to go to talk or read besides the Livery Barns. Then if possible erect some kind of a Memorial Monument, for I don't think anyone would be paying much attention to a Roll of Honor no matter how conspicuous it was while they were dancing the Bunny-Hug. Thanking you very kindly for so much space in your valuable paper I will sign myself as before,

A member of the G.W.Y.A.

LACOMBE ALBERTA

THE CALGARY STAMPEDE.

The pioneer days of the "last best west" in every detail will be reproduced in Calgary from August 25th to 30th at the greatest victory celebration which will be held in Canada—The Stampede. As this is to be a jubilation in honor of the home coming of our victorious heroes, The Stampede will take the form of a great reunion of western pioneers of both the Canadian and American west. In order to carry out the intention to make this the greatest celebration of its kind ever held on the continent, a committee known as the "Big Four", with George Lane Chairman; P. Burns, E. E. Cross and Hon. A. J. McLean, has been formed to take charge of the financial end of the undertaking, while E. L. Richardson is acting as treasurer. The general manager is Guy Weadick, who, it will be remembered, engineered the eminently successful Stampede in Calgary during the boom time of 1912.

No particular has been neglected to ensure the entire success of The Stampede, special arrangements being made for the accommodation of the thousands of visitors who will throng to Calgary for that week. Agreements have been signed by many hotel and restaurant proprietors, guaranteeing that there will be no increase in prices to Stampede guests, but that beds and meals will be provided at the regular prices. At the majority of celebrations of this kind, out-of-town patrons are charged exorbitant prices for accommodation, but the "big four" made this one of the stipulations upon which they would go into the affair, that there would be no "sting" at the Stampede in Calgary. The guarantee was forthcoming, and the Kiwanis club, an organization of prominent business men, has undertaken to conduct an accommodation bureau during Stampede week and will have some of its own men in attendance during the entire six days to take care of outside visitors.

A prize list as extensive as the

Why the Case Tractor Leads All Others

- 1 One piece cast main frame, forming dustproof housings for rear axle, bull pinion shaft, transmission and the bearings for these parts. Also a base for motor. This construction brings rigidity and prevents disalignment.
- 2 All traction gears are cut steel, enclosed and running in oil. No bevel gears, chain, worm or friction drive parts.
- 3 Case air washer delivers clean air to carburetor. No grit nor dust gets into cylinders to minimize their efficiency and shorten their life.
- 4 Four-cylinder Case valve-in-head motor. Removable head. Motor is set crosswise on frame, affording use of all straight spur gears. This conserves power.
- 5 Case Siphon Thermostat control cooling system and insure complete combustion of kerosene in the motor. Prevents raw fuel from passing by the pistons and diluting oil in crank case.
- 6 Weighs about 3,400 pounds; little more than a team of horses. Low and compact with short wheelbase. Turns in 22 ft. circle. Stays on all fours.
- 7 Rated 10 horsepower on draw bar, but develops nearly 14 horsepower. Rated 18 horsepower on the belt, but develops about 24 horsepower. This insures abundant reserve power.
- 8 Belt pulley mounted on the engine crank shaft. No gears used to drive it. Pulley is part of the Tractor, not an extra-cost accessory.
- 9 All interior motor parts lubricated by a combination pump and splash system. Speed governor, fan drive and magneto are dustproof and well oiled.
- 10 Complete accessibility. No dismounting necessary. Removable covers permit you to get at parts quickly.
- 11 Hyatt roller bearings in rear axle, bull pinion shaft and transmission case. Kingston ignition and carburetor. Five piece radiator with a cast frame. Core, fin and copper tube; non-clogging type.

W. E. TEES

Situation In Southern Alberta Calamitous.

The cloaking of the actual crop conditions in Southern Alberta, this year has been a disaster, according to a statement made by H. W. Wood, president of the United Farmers of Alberta. He said that the present situation which has arisen as a result of a calamity, and the optimistic reports which were sent out from different sections of the province, in an attempt to buoy up the spirits of the people, have brought about a serious condition of affairs, and the remedy must be suggested quickly before matters reach a critical stage.

Though not talking in a pessimistic strain, Mr. Wood said that conditions are indeed serious. The crop of the south is a failure, and the farmers are without feed for their stock. He does not consider that there is sufficient feed in the north country to supply the stock, and unless some prompt action is taken there will be a heavy loss sustained by the farmers and the stockmen.

In discussing the reports emanating from southern points during the season, Mr. Wood said that it was a great mistake that so many false reports were given out, leading the people of the cities, towns and other parts of the province to believe that the crops were in good condition and everything was all right. He feels assured that most of the farmers realized that their grain was a failure some time ago, and in sending out optimistic reports about conditions, which were almost hopeless at that time, they allowed a situation to develop which for a time was perplexing and has now become serious. They are out of crops, feed and many of them are leaving their farms and drifting into the cities and towns seeking employment.

"I don't want people to get the impression that I am pessimistic by any means," said Mr. Wood. "But I am firmly of the belief that there were a number of untruthful reports given out on the situation, with the result that matters have become most serious. I feel sure, however, that something will be done at once by the government and railways to relieve the situation."

Asked whether the U.F.A. had taken any steps toward alleviating the severe pressure on the farmers of the south, Mr. Wood said that the matter had been discussed but no concrete action had been taken. As far as the feed situation is concerned he feels confident that there is not sufficient in the province to look after the stock this fall and feed must be sought elsewhere, either having it shipped in or the stock shipped out.

Mr. Wood has just returned from the Canadian Council meeting at Winnipeg, where these matters were taken up and the drought of southern Alberta was one of the main topics of discussion. He said that relief must come from some source very soon or there will be a live stock calamity as well as a crop disaster.

In connection with the feed situation, Mr. Wood said that he had not made a thorough study of the situation yet, but he intends to investigate immediately. "One thing is sure, however, and that is the stock must be fed from outside the province, or shipped out," said Mr. Wood. Referring to the employment of these farmers in the cities and towns, the U.F.A. president said that something will certainly be done to help them out. He says that many of them have sufficient to live on, but there are others who have gambled their last dollar on the chances of a good yield this summer.

At the Canadian Council meet-

ing Mr. Wood says that the delegates memorialized the government in regard to the conditions in Alberta and also referred to the handling of the 1919 crops, which are good in some parts of northern Alberta, south and eastern Saskatchewan and practically all of the province of Manitoba. He says that the crops in Manitoba are going to produce a bumper yield this year, which will have a tendency to relieve the situation in Saskatchewan and southern Alberta.

Deering Haying Machinery

The Old Reliable Deering Mower, has proven itself in past years. The same mower with a few Modern Improvements is ready to cut the 1919 hay crop. The only mowers on the market designed and built to meet the conditions of Western Canada. The main frame is cast in one piece, a rigid construction insuring durability. The cutting bar follows the ground, is free to raise or lower on the hinges of the Drag Bar. It will run up on a sudden raise or down into a gully without affecting the traction or wasting grass.

The Deering Mower is driven with an internal gear because the most teeth are engaged by this arrangement. All gears are enclosed, so no dust or trash can interfere with them.

A complete stock on hand. See the DEERING before buying elsewhere.

Deering Self Dump Rakes; Sweep Rakes; Stackers and Loaders. See us for Repairs; get the binder in shape NOW.

GEORGE E. GARRIES.

Bentley News

NOTICE
Lacombe and North Western Railway Co.

All persons having claims for right-of-way from above company will receive attention to same by calling at Bentley station, where right-of-way agreements may be signed.

Prompt settlement will be made after signing agreements.
T. F. Ames, Supt.
Bentley, July 28, 1919.

What with holidays, etc., it looks as if we are going to be getting for news this week. There are only two topics of conversation today, the Fair and the rain. It rained all right. The roads show it, the grass shows it, and the grain and gardens. It was all needed and no one can put a true value upon it.

We are glad to see the rain, but sorry to see the fair spoiled. Without question, Lacombe had makings of the best fair in rural Alberta. If the rain had not interfered with the attendance on Saturday it would have doubtless broken all records. It is rather amusing to hear some people talk about the fair. One man was heard to remark to an official, "This is the best fair you ever had," and as far as we can discover he never saw any of it but the midway.

The stock section was splendid there was a fine lot of exhibits and the competition was keen. The poultry section was disappointing. About three quarters of all the entries were by one man and he lives in Edmonton and is a professional exhibitor. Whether it would make any difference or not we do not know, but we would like to see such exhibitors barred, or at least put in separate classes. The average former has not the time to attend to all the points of excellence as has an outsider who spends his time at that sort of thing.

Another place where we were disappointed was in the centre building. One would almost think we lived in the heart of a great city rather than in one of the finest agricultural sections of western Canada. There was a great lack of grain, grasses, domestic and dairy products. The Children's Work was conspicuous by its absence, surely the farmers and their wives of this district realize the advertising value of a fair, and know that a good exhibit in their departments are just as necessary to show the quality of the district as are horses and hogs.

It would be interesting to know how many people who reported the gambling devices really came away with more money than they started. There is a great streak in most people that leads them to hope they are going to get something for nothing. And most of us find, after we have paid dearly for our experience, that the other fellow put it over us.

A suggestion has been made that the fair association should organize their own midway. The one advantage in doing this would be that all people fleeced would have the satisfaction of knowing that the money stayed at home to help build up the community. As it is about \$75.00 out of every \$100.00 spent on the midway goes out of the community and no value given in return.

We would like to suggest one or two things to the management as improvements we think should be made. We think it would be a good idea to put a centre aisle in the grandstand for the sake of the comfort of early comers and late ones too. The early comers try to get the best seat and then find as the grandstand fills up that their coats, dresses and coat tails are generously crushed. There really ought to be a director in charge of the grandstand. When the grandstand artists were putting on their most interesting performance we noticed three girls, (we can hardly call them ladies) stand on the front platform right in front of the band. About half of the bandmen could not see the performance. If people have not common courtesy, there should be someone to make them respect other peoples rights.

We congratulate the management upon the new ladies rest room and toilet. At the same time we would respectfully suggest that more adequate and sanitary provision should be provided for the convenience of men.

As one last thought in regard to fairs, we wonder if a Municipal fair could not be organized in No. 400 to the advantage of all. This could be held in October.

FRIENDS THOUGHT HE WOULD DIE

"FRUIT-A-TIVES" Conquered
Dyspepsia and Restored His Health.

MR. ROBERT NEWTON.

Little Bras d'Or, C.B.
"I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches, and did not sleep well at night. I lost so much weight—going from 185 pounds to 146 pounds—that I became alarmed and saw several doctors who, however, did me no good. Finally, a friend told me to try 'Fruit-a-tives'."

In a week, there was improvement. The constipation was corrected; and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous". ROBERT NEWTON.
600, a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

when all the yields of the year have been garnered and limit all competition to home-fate residents of the Municipality. What do you think of this idea?

As we are taking holidays, all news items must be sent in by mail to us not later than Monday of each week in August, and if you do not help, the page will be empty.

Miss Nita Nicholson, is holidaying at Didsbury. Auctioneer Dameron had a real interesting dig on Monday for the good of his health. The sale of Messrs. Connors and Budd west of Rimbey has been postponed indefinitely. But Mr. Dameron had his 48 mile trip in the mud just the same.

A load of our Friends from Bentley Beach spent Friday night in and hole half way to Rimbey. They report an interesting time. Remember Mrs. Court's sale on Saturday, Aug. 2nd.

Mr. Property Owner!

We have given the Lacombe district and the country surrounding a good deal of publicity through our outside offices, with the results that we have brought in quite a few new people with money. There are more to come seeking land. We play no favorite district when it comes to selling farm lands and treat all districts alike.

We can use listings from any part of the Lacombe district and any district adjoining as we have been advised that others are being sent here by our outside agents. Write or call if you want to convert your property into cash. Alberta—Washington Land Co. Old Royal Bank Building, Opposite Depot. Phone No. 99.

ESTRAY—REWARD

Black Gelding, Brown Gelding, Brown Gelding, 3 years old, Bay Gelding with white face and three white legs, Sorrel Mare, all branded as shown above on right thigh.

Bay Gelding with U with quarter circle over on right shoulder. While mare badly scarred across forehead, four at foot painted. The above were hobbled and showing scars on legs. A suitable reward will be paid to anyone who can furnish information regarding whereabouts of these animals when and where last seen. They are likely to have split up. Notify R. G. Deutman, Rimbey, Alta.

160 Acres For Sale

**THE BEST FAIR EVER HELD
BY THE LACOMBE SOCIETY**

By Mrs. Ellis

It may be all very well to carry on a canned-horse campaign down south. George Hoadley has a big big rainy hobby and rides it with determination and dignity, but you let him show up amongst these Scotch and near-Scotch breeders round Lacombe and suggest that Clydesdale, consummate and Percheron roasts be alternated on the bill of fare, and see what would happen. Lese majesty like this would surely meet an awful death at Lacombe.

Any visitor at the annual fair, which closed Saturday would recognize this local state of mind without any difficulty. So well was it expressed in the splendid horse exhibit that there remained practically nothing else to be said. However the cattle, hogs and sheep were there in such outstanding excellence, and the advanced stage of better stock raising in the Lacombe district evidenced to such an extent that even the directors of the fair were surprised.

Twenty-six years ago, Lacombe held its first fair, and each year since it has seen an exhibition of stock and produce. The story goes however, that after being a winner for many years, the fair lost momentum and practically jumped the track. Be that as it may, the officials and directors got the event back on the rails this year, beyond a doubt, and evidently found the machine still in good running order for in many ways the exhibition broke its own records in the last three days, and this despite the fact that the heaviest rain seen in the district for over a year fell Friday night and followed up with a number of rather wet showers Saturday forenoon.

For the first time in many months motorists had to contend with muddy roads leading into La-

combe from as far distant as Red Deer, Mirror, Ponoka and the settlements west. Friday night and Saturday forenoon it was feared the weather would require the cancellations of the last day's program of the fair, but when the sun burst forth to stay Saturday afternoon the roads dried rapidly and a fair sized crowd was treated to a full list of attractions albeit run somewhat late owing to the race track being in a slippery condition until nearly 4 o'clock. The grounds lying along the Dominion experimental farm southwest of town are admirably situated and the rain had no effect except on the clay race track.

This same rain spells certain crops and first class crops all over the Lacombe district. The yield in wheat, barley and oats is expected to be above the average, and only the oats are dwarfed somewhat in straw. However it is thought now that the straw will lengthen satisfactorily with the moisture. The hay crop is lightest in the eastern portion of the constituency, the feed prospects being best in the western half. No shortage of feed is probable however.

While the second day's attendance was reduced by the rain, the total receipts will likely be sufficient to clear, and with this the directors are highly pleased. It was felt that the first thing was to get the exhibition back into an enviable position and next year, the attendance would take care of itself. The wisdom of this policy will surely be shown in 1920 for the fame of Lacombe's livestock show must travel far afield during the next few months.

What is also promising about the exhibition is the fact that it has been promoted and made successful almost entirely by the farmers themselves this year. Practically the entire directorate is

composed of district stockmen and grain growers. The energy which carried out the unusually successful stock sale last spring and later on the ploughing match united in planning and the carrying out of the record exhibition. With a new stock stable added to the three already in use first class facilities were afforded horses and cattle, and next year it is planned to have up to date provision for the swine and sheep. A women's rest room and better grand stand accommodations were other improvements this year. All the stock stables are electric lighted.

A real big fair stock parade was a feature of the program Saturday afternoon, carried out immediately after the judging of horses had been finished by T. Rawlinson. This was a very fine display of horses and cattle, over one hundred and thirty animals being in line, and led by such equine and bovine beauties as A. Webster's Clydesdales and L. A. Bowes' Shorthorns. In fact the two judges, Rawlinson and Talbot were divided as to whether Webster or Bowes should get the special award for the best display, but finally gave the award to Webster. This decision may be revoked by the directors later as there appeared to be some misunderstanding of the provisions of the grand prize. It was intended that this award should be given to the exhibitor having the best all round showing of livestock, whereas the decision was evidently made on the parade display. Exhibitors like James Boden not only had both horses and cattle but had swine and sheep of the red ribbon class.

Even with the display of stock the best ever there were some of the well known former exhibitors not represented at the fair. The class of Shorthorns owned by Senator Talbot and Mr. Sharpe are known the province over, yet none of their stock was on hand. Senator Talbot's illness accounted for his absence.

The judging of the teams Sat-

urday was an event of interest. A. Webster with his upstanding boys took first for Clydes in harness and also got the Merchant's Bank's silver cup for the best draft team in harness. Mrs. L. N. Graham, one of the most loyal, energetic and successful exhibitors on the ground, got first for Percheron team. The agricultural purpose team competition was a surprise, a spanking team of grades owned by P. G. Morrison, taking away the ribbons from Wm. Threlfall, although the purebreds of the latter individually won over the same grades in the previous day's contests.

The four-horse team event was another close race, the big Clydes of Jas. Boden winning by weight over the four handsome grades of P. G. Morrison.

A. J. Joyal, of Hazenmore, Sask., captured the gold medal for the best pure bred herd with his string of Brown Swiss. Jas. Boden won the Union Bank silver cup for the best herd of dairy cattle with his Ayrshires, second place going to G. E. White. Few places showed interest equal to the Lacombe district in boys and girls competitions in livestock. In addition to giving a number of special prizes for the best ewe and wether lambs there were a number of specials by directors and the society for colts, calves and pigs. All of these competitions were keenly contested, and it is a tribute to the care taken of these animals by the young exhibitors that practically all the entries were in excellent shape for the show ring.

The Canadian Banker's competition for boys and girls of pig feeding and exhibiting, was an interesting event, there being five places assigned. Willie Emerson, aged 13 was first with grade Durocs; Chester Kasha, aged 8 was second with grades; Jimmie Boden, aged 13 was third with pure bred; Ivan Morris, aged 12 was fourth with pure bred; and Ella Graham was fifth was a bacon pig. Of equal interest was the other

**Automobile
Repairs****by Automobile
Mechanics****Pratt's Garage**Where you get what
you pay for.

Phone 65

Lacombe

event in the bankers competition this being for the best calf raised and exhibited by a boy or girl. This was won by Norris Flewelling, with his sister second, Leslie Boden third, Sam Magilton fourth, and Will Magilton fifth. The calves were all of superior quality and showed the result of good care and feeding.

The officers of the Lacombe Agricultural Society are: C. F. Dameron, president; F. McFetridge, 1st Vice; J. J. Kasha, second vice; and S. H. Welch, secretary-treasurer.

The directors are: P. Balantine, J. W. Biglands, H. Langrock, J. J. Kasha, A. Webster, H. G. Morrison, W. Kerber, P. Young, J. Laing, W. D. Reid, Jas. Boden, G. E. White, H. W. Metcalfe, J. Henderson, Sr., F. Emerson, and E. J. Howe.

Horse Races.

There were good good horse races at the Fair, which were

greatly enjoyed by horsemen and visitors of the district. Owing to the rain on Friday, the track was not in very good shape, but the time made was fair.

Basketball.

Lacombe defeated Alton at basketball on Friday last, but went down to defeat before Mirror on Saturday. Both games were most interesting and were a feature of the fair.

Fair Attractions.

Everybody seemed pleased with the attractions at the fair this year. There was a real midway, and no one could complain that they did not get a chance to get rid of their money. The kiddies enjoyed the Ferris wheel and merry-go-round, and the various side shows also drew good patronage. The bad element usually found at affairs of this kind was conspicuous by its absence, the police being right on the job.
